REIMBURSEMENT PROGRAM INFORMATION

The Griswold City Council has established a Sidewalk Improvement Program to improve the quality and completeness of the system of sidewalks in the City of Griswold. Reimbursement of sidewalk expenses is available to property owners in Griswold who apply for the program. Funds for the beginning year will be awarded by City Council. No more funds will be allocated after the year's budget has been exhausted. This policy is subject to change or modification by the City Council at any time by majority vote.

REIMBURSEMENT GUIDELINES

1. The City will pay to the contractor or reimburse half (½) or \$1.50 per square foot, whichever is less, for the cost of new sidewalk and/or replacement of existing sidewalk.
2. The City will arrange for & cover the cost of curb cuts as needed. ADA-compliant detectable warning stamping is required on all approach ramps.
3. After notification, claims for participation in the program must be submitted within 60 days of the sidewalk being completed.
4. Property owners are only eligible for participation in the reimbursement program once.
5. The program is required to be reauthorized each year by the City Council in the annual budget process, although the program is intended to be a long-term initiative.
6. The City Manager is responsible for reviewing and presenting qualified requests to City Council. The City Manager or Public Works Department will visually verify that the sidewalk has been constructed before approving payment.
